▲ As we come to the end of the 1991-92 academic year, it is appropriate for each of us to stop and recall what the year has been like, and what it has meant. For all of us it has included many surprises. People, events, and experiences have provided unexpected pleasures and satisfactions—along with some disappointments—all of which are now part of our personal collections of memories.

It is also appropriate to look ahead, to the summer and beyond. The future will contain more surprises, especially for the students who have finished their La Sierra education and will be going to different places and new accomplishments. To this year's graduates we offer our congratulations and best wishes for the realization of your highest hopes and finest dreams—and a life full of pleasant surprises.

Dr. Fritz Guy
President, La Sierra University

\ded-i-'kā-shən *1: an act or rite of dedicating to a diving being or to a sacred use. 2: a devoting or setting aside for a particular purpose. 3a: a name and often a message prefixed to a literary, musical, or artistic production to a person or cause;* ***3b: an act of giving something back to the students in response to their never ending dedication to this school and the principles which it stands for.***

Christian values and ideals are what La Sierra University is all about. It is a Christian university where you, the students, not only learn about the world in the classrooms, but where you also take the valuable principles you have learned and apply them in real life situations. And it is through this learning that you have developed pride in yourself and concern for the world around you.

You have shown you care about yourself by choosing La Sierra University, an institution known for excellence, to further your education.

You have shown you care about your school by standing by it even when times were rough, like during La Sierra University's separation from Loma Linda University, and when we changed our name.

You have shown you care about your community by painting houses, cleaning riot-damaged neighborhoods, donating time and gifts to needy children, caring for the environment, and supporting the fine arts.

We commend you, the students of La Sierra University, for taking pride in yourselves, your school, and you community. We, the *Visions* staff, proudly dedicate this yearbook to **you**, the students of La Sierra University.

"Where there is no vision…

…the people perish."

Proverbs xxix, xviii (c. 350 B.C.)

"Few moments are more pleasing …

…than those in which the mind is concerting measures for an new undertaking."

Samuel Johnson

"We must always change,

renew, rejuvenate ourselves,

otherwise we harden."

Goethe

"Progress is impossible without change;...

...and those who cannot change their minds

cannot change anything."

George Bernard Shaw

"To the old,...

...the new is usually

bad news."

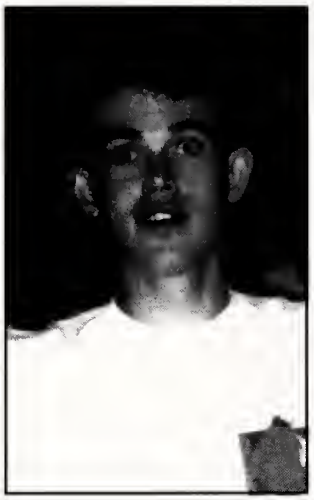
The list could ga an and an. It can t be denied that La Sierra University students are a diverse bunch af people.

The fallowing organizatians are but a few examples of the diversity on this campus.

ORGANIZATIONS



▲ SURPRISE! — SALSU President, Eric Frykman, at the House Party.

▶▶▶ *SALSU*

In the mood for laughing or dressing up? What is there to do on campus during the weekends? Both very important questions indeed. The fact is, there is always something for students to do at La Sierra University.

Those looking for entertainment will have plenty of opportunities for fun at the SALSU bashes. To begin the year SALSU hosted its annual House Party mixer, offering students a chance to make new friends and have some fun before the studying begins. In October, students dressed up for the Halloween Hunt. The Christmas Banquet in December was another opportunity for students to dress up and enjoy the holiday season.

For Valentine's day, SALSU hosted a Romantic Rendezvous, delivering long-stemmed roses and love messages to students all over campus.

▲ The SALSU booth at the Festival of Nations.

Throughout the entire year, SALSU also held weekend activities for those students who stay on campus. Some of the more popular events include the beach vespers, bowling bashes, Fun Flicks, Late Great Skate Parties, and Lock-Ins (giant parties held in the dormitory lobbies).

And those are just the socials. SALSU also has two Campus Ministries directors who are responsible for all the vespers, afterglows, and many other spiritually enriching activities.

SALSU also sponsors the student senate, which is where student elected representatives can voice their opinions, and create change. La Sierra University is yours, and the senate allows you to be involved in its growth.

However, the club did not end until our annual trip to explore the Loma Linda University School of Dentistry. Here the students had the first hand experience of seeing other student dentists at work.

▶▶▶ ***SIFE***

Students In Free Enterprise, Inc. (SIFE) establishes and directs student-generated free market educational programs at colleges and universities. These programs bring America's collegians and her citizens to a better understanding of and a greater appreciation for the free enterprise system. SIFE is a not-for-profit corporation sponsored by individuals, foundations, and corporations.

Students In Free Enterprise came to La Sierra University in September, 1991. LSU SIFE initiated projects designed to promote America's free enterprise system through community education and activities on campus. Among numerous other projects, the team worked with a local homeless shelter, and conducted seminars weekly within the community designed to help

people help themselves to function. Also in conjunction with Head Start of America, SIFE organized a Christmas and Easter party bringing over 200 children on campus. SIFE also brought students hands-on education with small-business management, marketing, and consulting, as well as initiated a much needed campus-wide recycling program.

The SIFE team presented its annual report at the regional competitions in Fort Worth Texas, on April 23, 1992 where the team took all but one award within their league. The first award was Rookie-of-the-Year, awarded for being the best first-year team. The second was the Kraft General Foods Success 200 award given for the best community educational projects. Finally the team was a finalist for the International Exposition in Kansas City Missouri May 18-20. This event involved students from all over the world and the judges represented numerous companies, including Wal-mart, AT&T, Kraft General Foods, Nabisco, Duracell USA, Kimberly-Clarke among others.

The University Vocal Octet debuted in November of 1989 and has since been thrilling audiences with its dynamic style and superb talent. Directed by William Chunestudy the nine positions (eight singers and an accompanist) are filled by audition only. Focusing on popular forms of both sacred and secular music the Octet has found a willing audience in the Mayor of Riverside, local Rotary clubs, Church worship services, academy banquets and more.

The group has traveled widely in Southern California this year. The Octet has averaged one-and-a-half performances per week. This year the Octet was privileged to travel to Honolulu in January. They performed at Hawaiian Mission Academy, Japanese SDA Church, Central SDA Church, and Tripler Community Medical Center where they sang for six different wards.

▲ The L.A. clean-up crew

Realizing the aftermath of the Los Angeles riots a group of students banded together to add their part in helping cleanup the affected areas. The thought was generated on the Friday after the riots. It was manifested by about forty eager students including faculty who dedicated their Sabbath to this cause. Once again La Siera University students showed their willingness to reach out to the needy. Not only was it a demosntration of love to their neighbor but it was also an opportunity to share their Christian values with others.

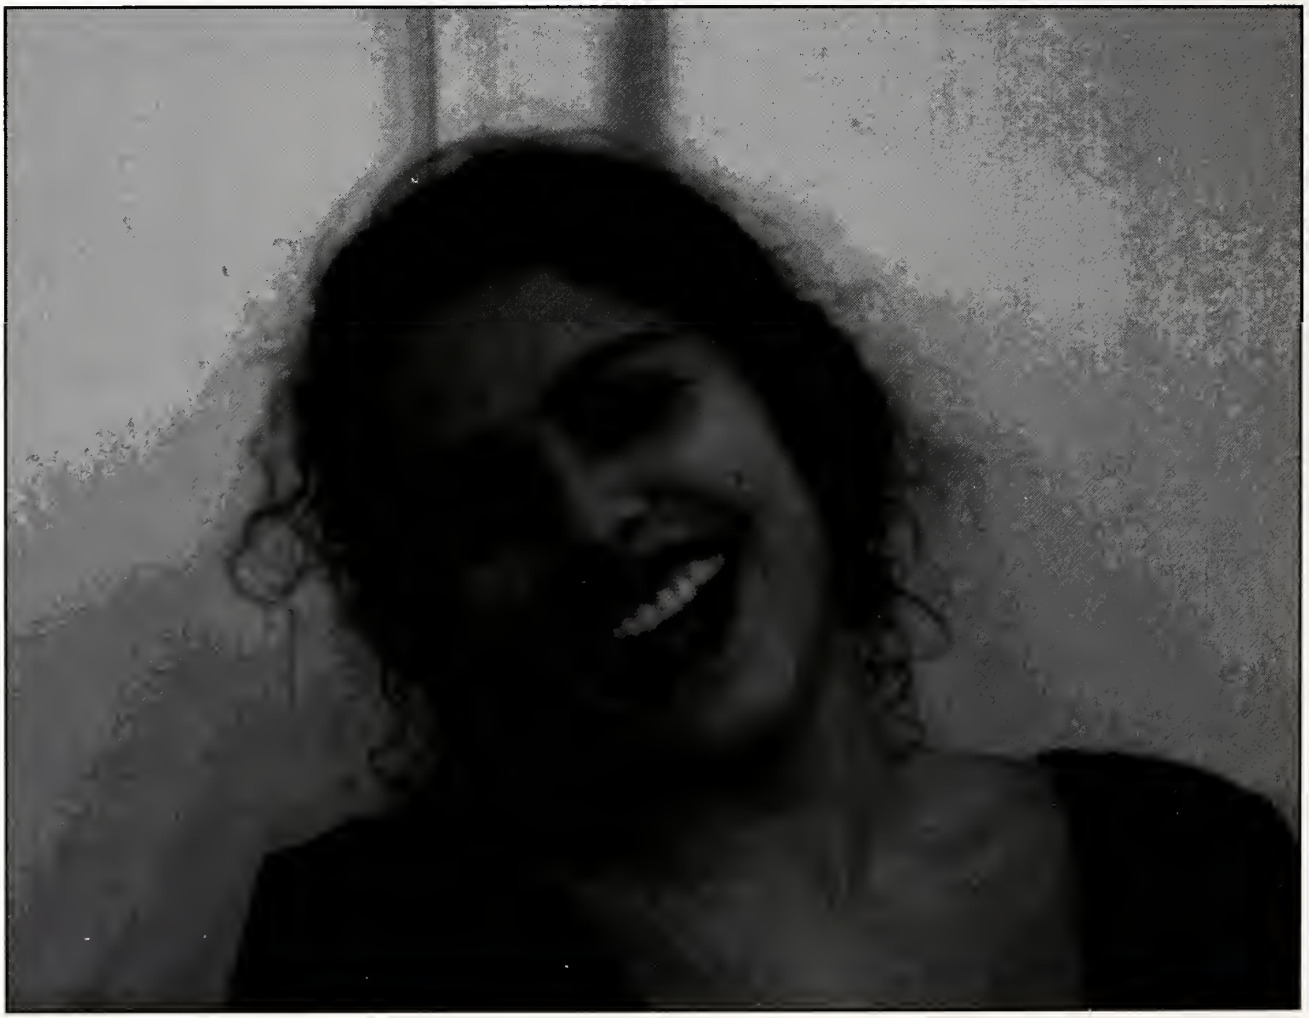
From the Editors

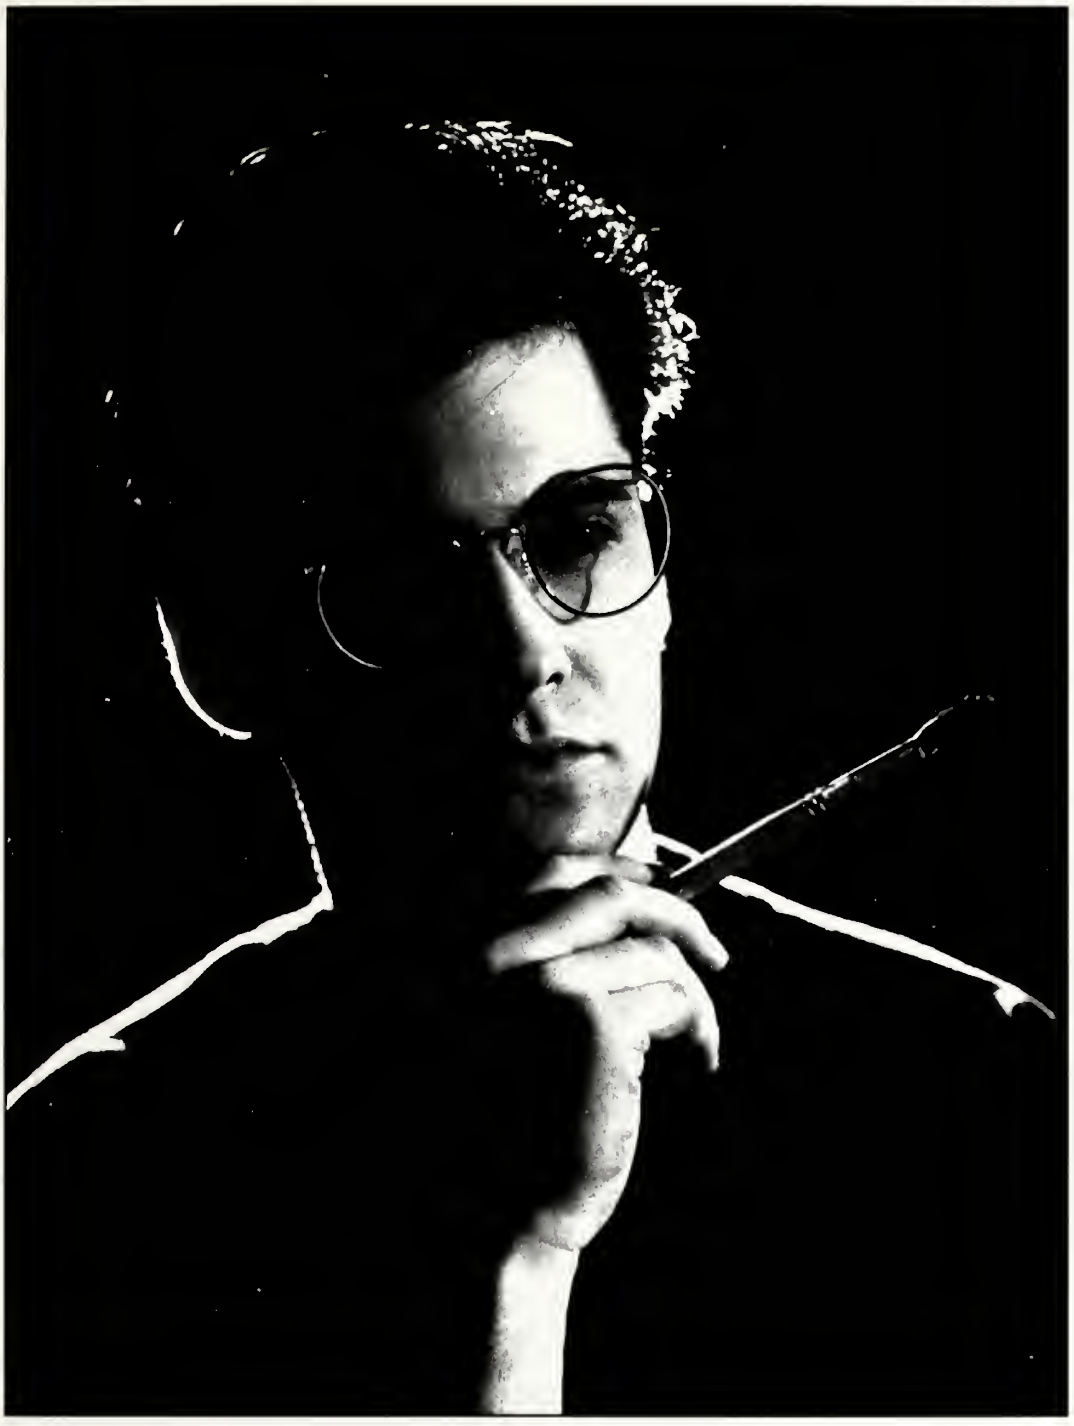
▶ Long, exciting hours of work, sleepless nights, frustration, anxiety and satisfaction were all part of a year of preparation for Visions 92.

In spring of 1991 we felt that it had to be our duty as graduating graphic designers to make the neglected yearbook a new reality in 1992. We took on the task with little knowledge of what awaited us. But we stuck together, and with determination, the help of friends, and God's help, we were able to get it ready for all of you in time.

We would like to extend our appreciation to Sora Yañez, Esther Kim, Grace Song, Bassam Chahine, Julio Muñoz, Ben Garcia, Eric Frykman, Pam Lowe, John Rivera, Rey Fuñez, Carlos Gonzalez, Eric Giddings, Rhonda Anderson, Gerson Perla, Laura West, Brenda Rodriguez, Jeanette Lopez, Wes Garcia, Rae Wong, Ayana Jack, the Public Relations Department, the Art Department, One-Hour Photoworld, Distinctive Images, Crown Printers, Fox Color, our parents, and Stefani Van Deursen, and John Williams. Plus all those who so willingly submitted photographs for the yearbook. These are only some of the names of people who helped out. You all know who you are, and you all know we appreciate all you've done.

It is our wish that this yearbook will be the beginning of a bright future for La Sierra University students. That the memories that this yearbook encloses will be cherished for many years to come, and that soon we will meet in heaven to build undying memories for eternity.





This book we dedicate to all our friends and fellow students during the past years until today. Have a good summer!
